

Patry & Associates is a manufacturer's representative company serving the Southeastern United States. With over 20 years of Sales and Sourcing expertise, we provide significant value to our customers while being aligned with top-tier manufactures.

Aluminum Extrusions

- Custom Extrusions
- Diameters 7", 8", 9" & 10"
- Powder Coat & Anodize finishing
- Machining & Fabrication

Plastic Injection Molding & Plastic Extrusions

- Injection Molding 26 presses ranging from 65 ton-720 ton
- Plastic Extrusion 20 extruders co-extrusion & tri-extrusion
- Proficient in material blending
- Mold transfer program makes it simple to transfer tools
- Multiple material selection: PVC, ABS, Polycarbonate etc.

Rubber Sealing Products

- O'Rings
- PTFE Products
- Oil Seals
- Hydraulic & Pneumatic seals
- Extrusion
- Molded & Machines rubber
- Seal Kits
- Translucent Roof Coils

Metal Fabrication

- Stamping and Forming
- Tube Fabrication & Processing
- CNC Mill/turning Swiss Machining
- Wire EDM Processing
- Tooling design and fabrication

Interconnect Products

- Custom Wire harnesses
- Custom Cable assemblies
- Electro-Mechanical assemblies

PCB Fabrication

- 1-20 layer counts
- Quick turn Prototypes and Production
- Domestic and Offshore Manufacturing

Fiber Reinforced Plastics (FRP)

- Supplied in both coils and panels
- Min thickness .035
- Available in multiple colors & finishes
- Anti Slip Composite

Springs

- Wire range capabilities .004" - .118"
 - Custom manufacturing
 - Value Added Services
 - Engineering & Design support
